Project Name Personal Expense Tracker Application

Create An Account In SendGrid

The image shows two screenshots of the SendGrid web interface. The top screenshot is the main dashboard, and the bottom screenshot is the 'Dynamic Templates' page.

Top Screenshot: SendGrid Dashboard

The dashboard is titled "Ready to unlock the full potential of Twilio SendGrid?" with a sub-header "Finish your account setup in order to select a paid Email API or Marketing Campaigns plan." and a "Let's do it!" button. Below this, it says "Hello Expense! Here's your recent email activity." with a toggle for "Wk" and "Mo".

The dashboard displays several key metrics:

- REQUESTS: 10
- DELIVERED: 100.00% (10)
- OPENED: 120.00% (12)
- CLICKED: 0.00% (0)
- BOUNCES: 0.00% (0)
- SPAM REPORTS: 0.00% (0)

Below the metrics is a line graph showing email activity over time. The left sidebar contains navigation links: Expense Tracker, Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS NEW. At the bottom of the sidebar, it shows "REPUTATION 100%" and a link to "VIEW ACCOUNT USAGE".

Bottom Screenshot: SendGrid Dynamic Templates

The "Dynamic Templates" page shows a list of templates. The "Filter" section at the top allows searching by "Template Name or Version". The "TEMPLATE" list includes:

- > Report email (Last Edited: Nov 17, 2022 10:22 PM CST)
- > Welcome email (Last Edited: Nov 16, 2022 11:14 AM CST)

Below the list, the "Template ID: d-fd9c0124a1594ed8a582d9d382e76c06" is displayed with an "Add Version" button. The "DYNAMIC VERSION" table shows:

DYNAMIC VERSION	EDITOR	LAST EDITED
Untitled Version ACTIVE	Design	Nov 16, 2022 10:26 PM CST

The bottom screenshot also shows the same left sidebar as the top one, with the "Dynamic Templates" link highlighted in the navigation menu.

app.sendgrid.com/settings/sender_auth

Learn more about the differences between Domain Authentication and Single Sender Verification.

Domain Authentication RECOMMENDED

Improve deliverability by proving to inbox providers that you own the domain you're sending from. [Learn more](#)

Authenticate Your Domain

You (or a coworker) will need access to your DNS host to complete this.

[Get Started](#)

Single Sender Verification

Verify ownership of a single email address to use as a sender. [Learn more](#)

[Verify a Single Sender](#)

STATUS	DOMAIN
Verified	ibm.expensetracker2022@gmail.com

Link Branding

Rewrite all tracking links to use the domain you choose - not sendgrid.net. [Learn more](#)

Brand Your Links

You (or a coworker) will need access to your DNS host to complete this.
